

Smart companies don't put their trust in quick and cheap background checks.

Should you?

Our commitment is to provide you with thorough, reliable, and actionable information.

What separates SSC from the rest? We don't just check records, we investigate, and that's an important difference. We often uncover critical data that standard background checks miss. Hiring the wrong candidate exposes your company to real risks — our unique applicant profiles help the most desirable candidates stand out.

We consult with you and provide suggestions on what to look for in potential employee information that would work best for your business. SSC investigators prepare an easy to read narrative on your potential hire, saving you the time and effort of reviewing raw data, leaving you more time to focus on the rest of your job. SSC provides you with the highest quality information so that you can make the most informed decisions.

SSC Applicant Management System

State-of-the Art Background Screening

- » Convenient pre-built packages or save your own search groups for effortless re-ordering.
- » Easy to read narrative-style report format helps you understand and interpret technical results from researchers.
- » Order a complete background check on one page. Simple controls to add, remove, and edit search details, all on the same page.
- » Locate in-progress and completed applicants. Visual guides and status icons that track applicants in progress, completed applicants, those with missing info, and those with hits or discrepancies.
- » Easily manage your account settings: add and remove users, access statistics, and documents all from your secure portal. Permissions management allows you to limit specific user access as needed.
- » Full-featured screening statistics: sign up for emails that give a comprehensive summary of screening info on a daily, weekly, or monthly basis.

The easiest and most advanced way ever to order background checks and manage the results. From any computer, you can log in and access your applicants securely, order reports and change your account settings. SSC Applicant Tracking System (ATS): In the same portal where you manage background checks, you can also:

- » Build and share a career center
- » Collect resumes to job postings
- » Create online applications
- » Transmit electronic consent forms
- » Integrate background screening orders

The screenshot displays the 'Client User Home Page' of the SSC Applicant Management System. It features a navigation bar with 'Home', 'Order Reports', 'Report Management', and 'My Account'. Below the navigation bar, there are several sections: 'Quick Find' and 'Advanced Search' at the top; 'Access Your Reports' with icons for 'In Progress (10)', 'Completed (10)', 'Retired (10)', 'Failed (10)', and 'Discrepancy (1)'; 'Your Background Check Message' with a 'Make Candidate Choice' button; 'My Roles (1)' with a 'View Roles' button; and 'Company Roles (1)' with a 'View Roles' button. A central banner reads 'Time of your fingertips Screening Statistics Report'. Below this is a table titled 'Applicants: In Progress' with columns for 'Applicant', 'Status', and 'Done'. The table lists several applicants with their names and status indicators. At the bottom, there are dropdown menus for 'Criteria: Select Searches' and 'Select Package:'. The footer of the interface shows '9 - 16 of 24 First | Previous | Next | Last'.

Do you really know who you hired?

SSC Pre-Employment Screening Services can help you make better HR decisions.

Understanding the background of the person you are hiring is crucial, perhaps more so now than ever. Employers need to know who they are hiring — they have a responsibility to their shareholders, stakeholders, and employees to keep everyone as safe as possible. Thorough pre-employment screening is integral to a Human Resources program.

Aside from creating a safer environment, a well-defined hiring program will reduce turnover costs by helping you to make the best hiring decisions. It can also reveal personality traits, building your confidence that the skill set, ability and knowledge match the candidate and job requirements.

SSC helps you make better hiring decisions and manage your human capital risk.

SSC Pre-Employment Screening Services are designed with a commitment to protecting your intellectual property and physical assets... including your greatest asset: employees. The overall integrity of your HR and Corporate Compliance strategy is enhanced when you know exactly who you are hiring.
